To Whom It May Concern:

It has been our pleasure to have a business relationship with Mr. Giuliani and his company, Cornerstone Security for the past three years. We have consistently found them to go "above and beyond", whether it is installation, service on existing equipment or even questions about billing. I would highly recommend if you are considering a security system of any type that you allow Cornerstone to present their options.

I would be happy to speak to you personally about this fine company and you may call me at any time with questions regarding them or their service.

Sincerely,

Phil Davis
